Members of the Common Council

One Main Street
Fort Wayne, Indiana 46802

Gentlemen and Mrs. Schmidt:

Attached hereto are copies of resolutions pertaining to six (6) zoning ordinance amendments acted upon by the City Plan Commission at their regular meeting held October 30, 1972. In addition to the reasons outlined in the resolutions, the following are additional remarks pertaining to the ordinances involved.

1. Bill No. Z-72-09-18

   a. Intended Use: Expand a non-conforming use (Greenhouse)

   b. Plan Commission Recommendation: DO NOT PASS

      This ordinance received a DO NOT PASS for the following reasons:

      1. The petitioned change would constitute spot zoning.

      2. This petitioned change would not be compatible as the surrounding area is of a solely residential nature.

      3. This change would not solve the existing problem of trucks having to use the alley as access to delivery.

2. Bill No. Z-72-09-19

   a. Intended Use: Brake Repair shop

   b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

1. This zoning change would not be compatible with the existing zoning in the area, since all business in the area is zoned "B1B".

2. There is insufficient land for off-street storage of vehicles.

3. Bill No. Z-72-09-20

a. Intended Use: none

b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

1. There is not adequate access to this area without going through a residential area on a very poor street.

2. This change would constitute spot zoning.

3. This change would conflict with the general plan as this area is designated as low density residential.

4. Bill No. Z-72-09-21

a. Intended Use: Service stations on the Northwest and Northeast corners, a doctor's office on another corner, and the remaining corner will house a duplex.

b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

1. The existing land use in this area is at this time of a substantial residential nature.

2. This petition would be indirect conflict with the General Plan, that of high density residential and would in all cases set a precedent for future commerical uses in this area.

5. Bill No. Z-72-09-22

   a. Intended Use: Used Car Lot

   b. Plan Commission Recommendation: DO NOT PASS

      This ordinance received a DO NOT PASS recommendation for the following reasons:

      1. This petitioned change would not be compatible with the surrounding area.

      2. The existing commercial zoning in the area is "B1B" and therefore, this petitioned change would permit a wide variety of uses that could be detrimental to a presently substantial residential neighborhood.

6. Bill No. Z-72-09-23

   a. Intended Use: Car Wash

   b. Plan Commission Recommendation: DO NOT PASS

      This ordinance received a DO NOT PASS recommendation for the following reasons:

      1. The intended use of the petitioned area would constitute an unsafe traffic situation for the following reasons:

         a. Bellaire is a one way south bound street of insufficient improvement to serve a high traffic generator such as this use.

         b. Northridge Road has only an 18' gravel improvement and in addition, the intersection of Northridge and Getz Road presents a very serious access problem, because of the elevation of Getz Road south of this intersection.

      2. No storm sewers exist in this area, this in conjunction with the elevation of this property and the intended use could create a serious drainage problem.

If there are any questions with regard to these ordinances, please feel free to call on us.

Respectfully submitted

COMMUNICATION FROM THE CONTROLLER'S OFFICE

To the Common Council
Fort Wayne, Indiana

Gentlemen and Mrs. Schmidt:

Today, November 14, 1972, the State Board of Tax Commissioners reviewed the 1973 municipal budget for the City of Fort Wayne. The 1973 budget was accepted as approved at your council meeting of August 28, 1972 (allowing for the minor changes made by the Allen County Tax Adjustment Board.)

The levies established by the State Board of Tax Commissioners at this morning's meeting decreased from a projected $3.67 rate to $3.59. The rate decrease which results in an 11 cents decrease from our present operating budget was effected by your economies during budget review and the increase in assessed valuation of the city tax base of Fort Wayne. Our new tax valuation for the year 1973 is approximately $10 million higher than the valuation originally used in preparing the budgets for 1973. The final evaluation figure was not made available until this morning at the public hearing of the State Board of Tax Commissioners. The new assessed valuation for the City of Fort Wayne was established at $393,789,661.00.

Please find a summary of the tax rates approved by the Allen County Tax Adjustment Board and the final levies that were computed at today's hearing.
